

**2014-15 MEMBERSHIP DRIVE**

Dear Friends:

We've come full circle since our last communication which brings us to Potsdam Hospital Guild's annual membership drive. Please take this opportunity to become a guild member, renew your membership, and/or pass this information along to a friend. Our purpose is to provide support to Canton-Potsdam Hospital and its patients, and assist in promoting the health and welfare of the community in accordance with the goals of the hospital. For example, last year we provided \$6,000 towards departmental mini-grants, \$30,000 in support of CPH special projects, and \$17,500 to be spent on Lifelines with the remainder targeted on Imaging.

As we reflect on the Guild's activities, we are very thankful for your willingness to help when called upon. The success of our fundraisers, Gift Shop, community events, special programs such as Scholarship Awards, and other activities is attributed to your dedication and donations of time and financial support.

Many of you made this past year one of our best fund-raising efforts which yielded over \$70,000. Events like the ones listed below were not only profitable fundraisers but also provided fun social gatherings for those who participated.
